AGE-OLD CHURCH RITES SLATED SUNDAY

U.S. Firm on Laos Truce

WASHINGTON (AP) — The United States is standing firm on its condition that the shooting first must stop in Laos before any international conference can be convened to neutralize the war-ridden Southeast Asian kingdom.

High official sources made this known today and said "a good hard look" would be given any proposal by the Soviet Union to delay a cease-fire until after a 14-nation conference on Laos is called.

Secretary of State Dean Rusk was due to return at noon from

his talks at New Delhi with India's Prime Minister Nehru and the Bangkok conference of foreign ministers of the eight-nation Southeast Asia Treaty Organization.

Rusk will give President Kennedy a first hand report of his talks with Nehru and the SEATO ministers over the Laos crisis.

The Laotian government reported a new outbreak of fighting Thursday but said the situation was not grave enough to warrant asking SEATO intervention. There is speculation that New

Delhi or Rangoon, the capital of neutral Burma, would be the site for the 14-nation conference if big power agreement is reached on a cease-fire.

U.S. strategists gave more than an even chance to the prospects for a political settlement of the fighting in Laos between the pro-Western royal government and the pro-Communist Pathet Lao.

But there was no solid evidence that the Soviet Union would give a clear or concise answer to Western demands for the cease-fire. The Soviet Union had been ex-

pected to make its position known by Thursday to British overtures for a political settlement in Laos. The reply did not come.

The delay was attributed by sources here to the need of Soviet Premier Khrushchev for consultations with Communist China and North Viet Nam before making a formal reply to Britain. A British note last weekend called for a cease-fire, reactivation of the three-nation international control commission (composed of India, Poland and Canada), followed by an international conference.

Hundreds Due For Layoff by Military Units

WASHINGTON (AP) — Curtailment operations at some of Ohio's military and atomic installations have eliminated the jobs of several hundred civilian workers. More layoffs have been scheduled.

This is the situation, as given by defense and Atomic Energy Commission officials:

PORTSMOUTH — About 200 workers have been let off at the AEC gaseous diffusion plant, AEC said the plant does not need them because operations have become more efficient. Relatively few layoffs have been scheduled for the future.

CINCINNATI — About 250 workers have been let out at the AEC's uranium processing plant at Fernald. Between 50 and 100 more may be laid off.

Also at Cincinnati, the future of about 3,500 workers employed on an atomic aircraft engine project at General Electric Co.'s huge Evendale plant is in doubt. President Kennedy has advised Congress this project will be canceled. The military no longer considers the atomic plane useful to its purposes.

Another Cincinnati facility, King's Mill, which has been used for storing machine tools, is to

Man's Body Found At Orient Hospital

The body of Wayne Irelan, 25, an inmate at the Orient State Hospital, was found yesterday afternoon in Big Darby Creek which flows through the institution grounds.

The body was discovered south of the disposal plant at the hospital. Sheriff Walton W. Spangler said the man had been missing from the institution since February 24.

Medical officials at Orient said the body had been in the water for several days. The parents, Mr.

and Mrs. L. W. Irelan, live in Toledo.

Deputy Dixie Watters said Irelan's trouser legs were rolled up when found, indicating the victim had attempted to wade the creek. The body was first discovered by persons at the hospital.

SHERIFF Spangler said his department had been searching for Irelan since his disappearance in February. He said Mrs. Irelan had sent him a letter and picture of the man to aid in the hunt. The sheriff in turn sent a return letter to the mother telling her the matter was under investigation.

According to Mrs. Irelan's letter, her son had been happy at the Orient School. She said there was no apparent reason why he ran away.

Dr. Robert L. Frazier, superintendent at Orient, said Irelan was a patient at the hospital for several years. He said hospital personnel, deputies and State Highway Patrolmen combed the area following the disappearance in February.

Dr. Frazier said the body was found near a bank of Big Darby. It was lodged against obstacles in the creek.

The body was removed to the hospital at Orient, then later to University Hospital, Columbus, for an autopsy.

Dr. Frazier said funeral services will be held in Toledo.

School Levy Change Coming

Legislature Moves To Cut Vote Margin

COLUMBUS, Ohio (AP) — If the Ohio Senate follows the lead of the House, school boards may quit sweating soon over the results of school tax levies.

The House has completed, and sent to the Senate, a bill which makes the second step in the last two years in easing the method for adoption of school levies.

Until two years ago, beleaguered school boards had been biting their collective fingernails every time a school operating levy was up for vote because of Depression-born restrictions. Back in the '30s, because of pressure from taxpayers' leagues, the legislature required heavy majorities for approval of school tax levies.

In 1959, the legislature decreed that majority rule again would prevail on school levy issues—that a levy should be approved on a simple majority vote of the electors in a school district in general elections and in primary elections in even-numbered years. Those years are the presidential and gubernatorial years when most folks bestir themselves to go to the polls.

But school people — and many legislators — believe that school financing problems can become acute in the odd-numbered years as well. So the House has approved a bill which cuts from 60 to 55 per cent the favorable vote needed by a school levy for approval in special elections and in primary elections in off-numbered years.

Thursday was a strange day in the legislature, particularly in the Senate where the debate ranged far and wide—from community colleges to college basketball champions.

Sen. Ross Peppie, R - Allen, chairman of the Senate Education Committee, lashed out at his Cuyahoga County critics, who have attacked the abrupt death sentence his committee meted out to a bill authorizing the creation of community colleges.

'61 Auto Tags Must Be Shown By Midnight

Deadline for displaying 1961 license tags on all motor vehicles is midnight.

Geneva K. Brink announced today that her office in the basement of the courthouse will remain open until 9 p. m. Persons seeking auto tags should use the rear door, next to the sheriff's office, after 5 p. m.

Local law enforcement agencies said that after midnight persons driving autos with 1960 tags will be arrested.

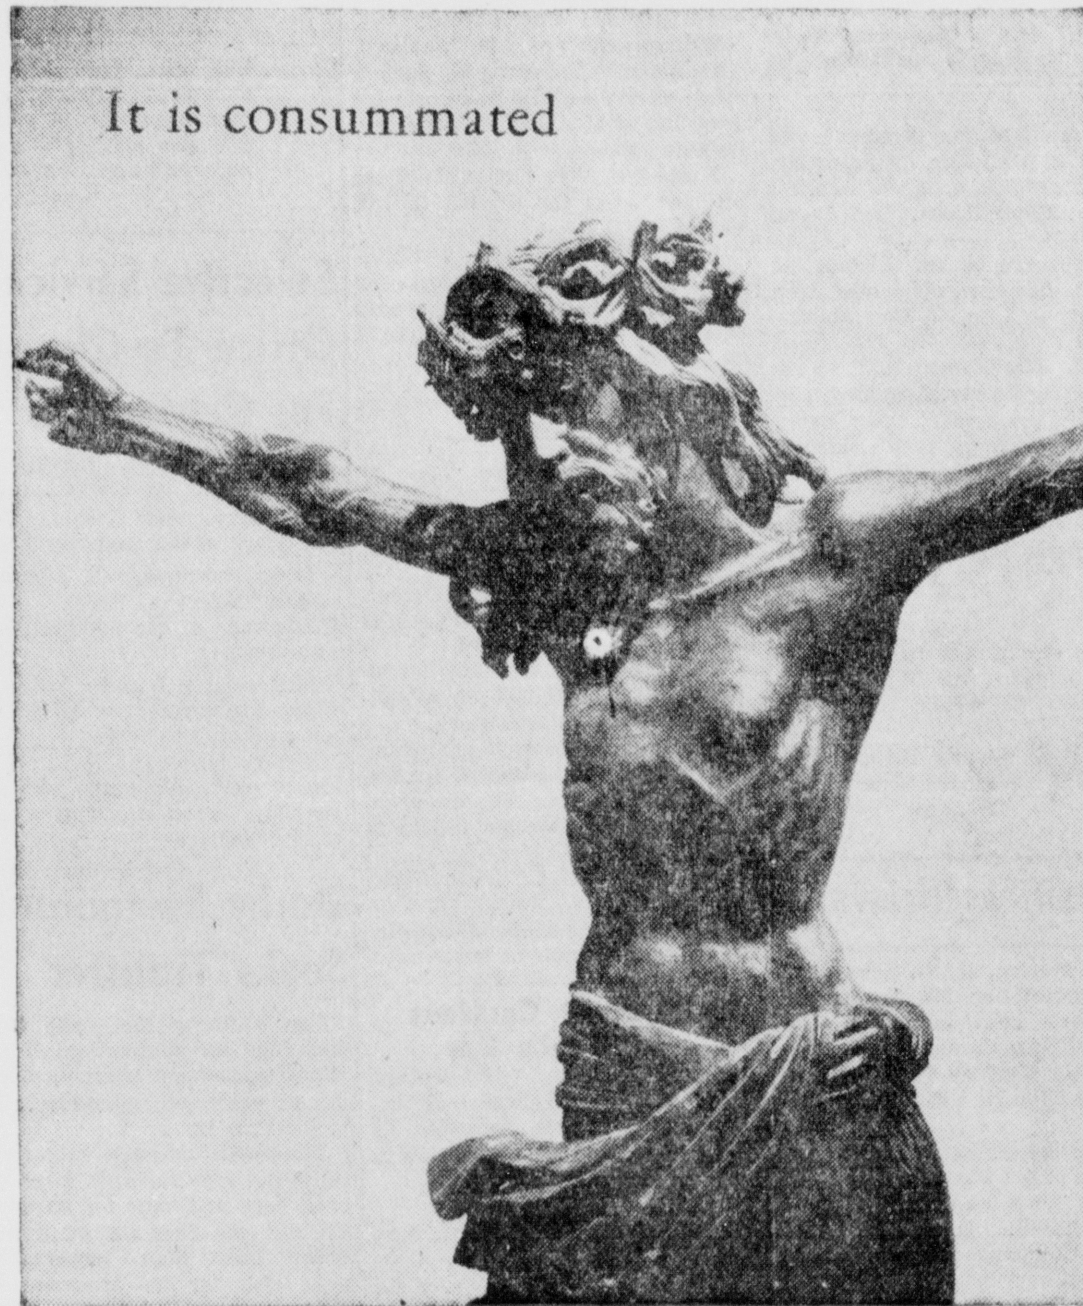

Mrs. Brink, local registrar, reported that auto tag sales already have exceeded last year's sales. Approximately 4,300 passenger car tags were sold by early today.

Ohio Farm Committee Named by Ag Secretary

WASHINGTON (AP) — The new chairman of the Ohio Agricultural Stabilization and Conservation Committee is Dwight Wise of Fremont.

Wise's appointment was announced by Secretary of Agriculture Orville L. Freeman Thursday along with those of Robert Miles of Laura and John H. Grierson of Aberdeen, who will be members of the Ohio committee, which helps administer federal farm aid programs.

His Last Words—

Editors Note—In an unadorned statement of fact, St. Luke put on public record one of the most significant events of human history. In this last of a series on Christ's last words by nationally prominent clergymen, a Roman Catholic archbishop shows how Christ's final sigh was "a triumph of failure."

By THE MOST REV. KARL J. ALTER (Roman Catholic)

Written for the Associated Press

"It is consummated," St. Luke described the climactic moment of Christ's death on the cross in terse but vivid language:

"It was about the sixth hour and there was darkness over the whole land until the ninth hour. The sun was darkened, and the curtain of the temple was torn in the middle.

ARCHBISHOP KARL J. ALTER

And Jesus cried out with a loud voice and said, "Father, into Thy hands I commend my spirit". St. John reminds us of further details, as foreshadowed in the sixty-eighth psalm:

"There was standing there a vessel full of common wine; and having put a sponge soaked with the wine on a stalk of hyssop, they put it to his mouth. Therefore, when Jesus had taken the wine, he said, 'It is consummated!' And bowing his head, he gave up his spirit."

In this simple, unadorned statement of fact, the most significant event of all human history is put on public record. The ineffable mystery of the Redemption is summed up in a phrase:

"It is consummated." Christian people have always looked upon Christ's death on the

Christ's Rebirth Honored By Local Churches Sunday

Christianity's most solemn moments will be observed today with Good Friday services.

But Sunday will mark one of the most glorious holidays in the Christian calendar. Easter,

commemorating the resurrection of Jesus Christ, commands the attention of all Pickaway Countians.

Largest church attendance of the year is expected Sunday, when

even once - a - year church - goers turn out. All churches will observe the day with some special services and music.

Many local churches will begin the day with sunrise rites. Some will have family breakfasts following the early services.

The weatherman has forecast a cool, cloudy Easter, with no rain. Temperatures will be 6-8 degrees below normal for this time of year, in the 50 range.

THE FORECAST assures Pickaway Countians they can wear their new Easter clothes. Bright, light tints begin to take over with the traditional Easter parade.

Here is a rundown on what local and area churches plan for Easter Sunday:

First Methodist

The Easter Sunrise Service at 6 a. m. in the First Methodist Church will feature a religious drama by members of the Youth Fellowship.

"The Burden Bearers" by Dorothy Clarke Wilson will be directed by Mrs. Paul Town. Cast includes Ray Winner, Cathy Griner, Judy Lawson, Glenn Plum, Cynthia Thompson, Mike Wilson, Steve Weiler, and Kenny Robinson.

The regular morning worship services will be held at 8:30 and 10:45 a. m. Sunday School classes will meet at 9:30 a. m. The sermon will be "Jesus Christ is Lord of Death."

Both the Junior and Youth Choirs will appear in the early service. The Junior choir will sing, "O Sons and Daughters". The Youth Choir will sing "Holy Lord God". In the later service and instrumental trio will play "St. Thadolph's Hymn". The musicians

Devotion To Diet Absorbs Msgr. Mason for 25 Years

Msgr. George O. Mason

By ROBERT K. HARROD He's a plain man, and he likes it that way.

A hulking ex-football center who has spent his life helping people will celebrate his 25th year as a priest here Tuesday.

And, you can bet that nearly everyone of the 650 persons in the Circleville parish will be on hand to honor the Very Rev. Msgr. George O. Mason.

In 10 years as pastor of St. Joseph's Church, Msgr. Mason has been instrumental in making this parish a lively asset to the Roman Catholic Church.

Here's why the whole parish will turn out Tuesday. In 10 years Msgr. Mason has increased active church-goers from 350 to 650 persons. He opened a parochial school here that had been closed for 27 years.

HE ACQUIRED a convent for sisters of St. Joseph's who teach in the school; remodeled the church and expanded the school building itself. And, he's not finished.

Msgr. Mason takes no credit for this rebirth of the church here. He says, "I was lucky. Just when I came here, we got some new industry and that made the difference."

But, parishoners think differently. They say that Msgr. Mason's devotion to his job is responsible.

The sturdy, quiet man was asked, "What do you do in the little free time you have?" He said, "I spend all my time working with the parish. I don't have a chance to read much, and music is not my forte. I relax when I go on vacation once a year."

On Feb. 16, 1936 Msgr. Mason was ordained in St. Joseph's Cathedral, Columbus, by the late Most Rev. James J. Hartley, bishop of Columbus.

In the 25 years since, Msgr. Mason's few free hours have been spent at his boyhood home, in Massachusetts. There he likes to be

Two Bishops Here for Rites

Two bishops and a host of priests will be on hand Tuesday to help celebrate the solemn Mass of thanksgiving for the 25th anniversary of Msgr. George O. Mason's ordination to the priesthood.

Mass is to be at 6:30 p. m. Tuesday at St. Joseph's Catholic Church with a reception and buffet supper to follow in the church social rooms.

Celebrant of the Mass is to be Msgr. Mason. His assistant will be the Right Rev. Msgr. Edward M. Hartigan, of Immaculate Con-

ception Church, Everett Mass., pastor of the parish where Msgr. Mason was born.

The Rev. John Eyerman, pastor of Blessed Sacrament Church, Newark, will be deacon of the Mass, and the Rev. Edward Reidy, pastor of St. Patrick's, London, will be subdeacon.

Presiding in the sanctuary will be the Most Rev. Clarence G. Isenmann, bishop of Columbus. Deacons of honor to the bishop will be the Rev. Raymond Goode, Colum-

Easter Ritual Is Scheduled For Christians

Sunrise Services Due From Canyon Rims To Mountain Tops

By THE ASSOCIATED PRESS Easter will be observed Sunday with age-old church rites and with sunrise services in outdoor beauty spots ranging from mountain tops to canyon rims.

The occasion, marking the rise of Christ, is a joyous one in religious services.

It is a happy time in another sense too, for it usually marks the advent of spring weather and gives the church-goers a chance to appear in Easter parades.

In Washington, the famed cherry tree blossoms are expected to reach the height of their beauty by Sunday. The annual spring influx of tourists who want to see them has already begun.

President Kennedy and his family will be in Palm Beach over the Easter weekend and will not be on hand for the traditional Easter egg roll on the south lawn of the White House on Easter Monday.

Eleven major sunrise services are scheduled in and around the capital on Sunday, including one in Arlington National Cemetery and one with a carillon at the bell tower presented by the Netherlands.

Across the land, sunrise services will be conducted in natural settings such as the south rim of the Grand Canyon in Arizona and in the Garden of the Gods, near Colorado Springs, and the Park of Red Rocks, west of Denver.

One of the more colorful observances will begin Saturday night when the people of Fredericksburg, Tex., will light "Easter fires" in surrounding hills for the 114th year.

The custom dates back to the pioneering era when early German settlers pacified children by telling them that the campfires of hostile Indians really were set by the Easter bunny to cook and dye their Easter eggs.

One of the earliest outdoor Easter day services in the nation will be at 4:45 a. m. (Eastern Standard Time) in the Cathedral of the Pines atop a hill at Rindge, N.H. Observers at last year's service, attended by about 6,000 persons, noted automobile registration plates from 32 states.

Richard Cardinal Cushing will preach in an Easter Sunday mass to be carried nationally on NBC-TV at 11 a. m. (EST) from Boston's Cathedral of the Holy Cross.

In Philadelphia, the Redeemer Lutheran Church Sunday School has hired an airplane to tow a banner carrying the message: "Christ Is Risen. Believe in Him." The airplane will fly over the city Easter Afternoon.

Archbishop Joseph Krol, new head of the Philadelphia Roman Catholic Diocese, will preside over Easter services there for the first time.

This is the 102nd year of the Easter week climb up Mt. Adams, near Cincinnati.

Starting at midnight Holy Thursday, fair weather or foul, some 25,000 persons start climbing 111 steps and 7 platforms, saying a prayer at each step, until they reach the Roman Catholic Shrine Church of the Immaculate.

The march ends at midnight Good Friday.

The climb started over mud and rocks when the church was built. Later, wooded steps were installed, and finally, concrete steps.

Frank Marion, 217 N. Scioto St., and Harry Metter, 306 Northridge Road, have been invited to the Ohio Fuel Gas Company's Central Quarter Century Club Banquet April 19 at the Neil House, Columbus.

Similar dinners for long - service employees of the Ohio Fuel Gas Co. are held annually in Mansfield, Smithville, Lancaster and Toledo. Company records show that one of every six employees has been with the company 25 years or longer.

Frank Liston, Route 1, Orient, a retired employee, will also attend the banquet.

Robert Dick and Nolo Gulick of the Beckett Implement Co. were in Coldwater, O., recently attending a meeting announcing New Idea's new mounted corn picker, which will be available for the 1961 corn harvest.

"This is the first 'universal' mounted picker ever offered by a farm equipment company", Gulick said. It will fit all popular makes of tractors.

Gulick said the picker is available with either a fully mounted or trailing type husking bed, and can be used with a New Idea shell.

Safety features include completely shielded drives, a safety mounting ladder and "wide open" design which prevents the accumulation of stalks and trash and reduces fire hazard. All picker controls are easily reached from the tractor seat.

TOLEDO — The Rossford Ordnance Depot, with 1,650 civilian employees, is to be closed over a 3-year period.

DAYTON — A shakeup in Air Force procurement methods may be forthcoming. Such a move could result in a loss of jobs at Wright-Patterson Air Force Base.

The various layoffs have set off a series of meetings between government officials and affected congressmen.

Rep. William H. Harsha Jr., R-Ohio, whose district includes Portsmouth, says it is particularly difficult to have the reductions at the Pike County AEC plant because of high unemployment in the Portsmouth-Chillicothe area.

Harsha said AEC officials have assured him the plant would be given serious consideration for future expansion if and when increased use of nuclear energy creates a need for future production.

Sen. Frank J. Lausche, D-Ohio, plans to talk soon with a top Defense Department official for an over - all appraisal of military needs in Ohio.

One result of a drastic cutback set in the B70 bomber program will be reducing the prime contract held by North American Aviation, Inc., which has a plant in Columbus, Ohio.

The Air Force, in announcing this Thursday, said five subcontracts will be terminated and four others reduced, including one with GE's Evendale plant.

Neil E. Firestone, general manager of the Flight Production Division at Evendale, said about 3,500 jobs at the plant probably will be affected by the cutbacks.

Another plant spokesman said GE would make a "heroic effort" to place the 3,500 in other GE facilities throughout the country or in some allied field. He could not say when the layoffs will begin.

However, the Atomic Energy Commission, in directing GE to discontinue the atomic plane work, specified that such work must not go beyond the present contract expiration date of April 30.

The Evendale plant employs some 14,500 workers.

JERUSALEM, Jordan Sector (AP)—In the streets of Old Jerusalem today tourists from Illinois and Iowa wearing wash n' wear suits followed the procession of the Way of the Cross commemorating Christ's trial, death and crucifixion.

This evening as the sun sets a bearded patriarch in a white, flowing robe will stand on a stone block on the slopes of Mount Gerizim chanting from ancient scriptures. When he pronounces the word "kill" 12 knives will flash and 12 sheep will be slaughtered.

The two contrasting scenes dramatize the diversity of religious devotions in the Holy Land during Easter 1961.

The bearded patriarch is high priest of the almost extinct Samaritan community which still observes the feast of the Passover in exactly the same way Moses commanded in the Old Testament.

There are only 345 Samaritans remaining in the once-flourishing community.

But the Samaritans have clung to rigid observance of the Passover in the most minute detail.

Their Passover this year fell on the same day as Good Friday. On this occasion every Samaritan alive is expected to gather on Mount Gerizim—the Samaritans sacred sanctuary near Nablus, Jordan.

The Samaritan feast is one of the most primitive rituals still practiced in the world and one of the last in which a blood sacrifice forms part of a religious ceremony.

In Jerusalem itself the emphasis during Good Friday was on events leading up to Christ's death and burial with the Way of the Cross procession the major event. Pilgrims and tourists gathered in groups according to language and followed massive crosses from the point where Christ was tried before Pilate to Calvary and the tomb. The procession stopped at 14 stations along the way through the twisted cobbled streets of this medieval city whose architecture recalls the Crusades.

In the evening inside the aged Church of the Holy Sepulchre a statue representing the body of Christ will be taken off the cross on Calvary and placed inside the tomb in a solemn burial service.

around the ocean, to feel the freedom of the sea. That is his hobby. Msgr. Mason says, "I used to think about being a priest when I was a boy. Now, I thank God every night when I go to bed for the opportunities I have every day."

"Work with orphans when I was ordained and the opening of the school here give me satisfaction. I do feel that people are becoming more religious. Young people especially are facing great temptations and problems, and overcoming them. Nearly all of them are sound citizens."

MSGR. MASON was born in Everett, Mass., 53 years ago. He attended Boston College High School, and later Boston College. He played center on the football teams of both institutions. Sports he still loves.

From Boston College, where he received a bachelor of arts degree, he moved to St. Charles College Seminary, Columbus. Then he attended Mount St. Mary's Seminary, Emmitsburg, Md. and was ordained in Columbus.

He first was assigned as chaplain at St. Ann's Hospital and resided in St. Vincent's Orphanage. Later he became diocesan youth director, which included supervision of Camp St. Joseph's for boys and Camp St. Rita for girls.

He also organized the first parochial basketball tournament in the diocese which was held in the Fairgrounds Coliseum. He was assigned to St. Joseph's here in 1951.

A new activity for Msgr. Mason is the Exceptional Child Council for Pickaway County, of which he is a vice president.

When Msgr. Mason came to Circleville 10 years ago St. Joseph's Church was half-full for one service. Now there is standing room only for two.

ALSO ON hand will be the Most Rev. Edward G. Hettinger, auxiliary bishop of Columbus, who was a classmate of Msgr. Mason. Acting as deacons of honor to Bishop Hettinger will be the Rev. Julius Klinec, pastor of St. Peter's Church, Columbus, and the Rev. John A. Turel, pastor of Sacred Heart Church, Pomeroy.

Master of ceremonies will be the Rev. Eugene Yoris, assistant priest of St. Dominic's Church, Columbus.

The sermon will be delivered by the Right Rev. Msgr. Edwin F. Murphy, St. Mary's Church, Marietta. He is a native of Everett, Mass., where Msgr. Mason was born, and he interviewed Msgr. Mason before he came to this diocese more than 25 years ago.

Acolytes for the mass will be Galen Scheib and Paul Goode, both of this parish, and now seminarians at St. Charles, Columbus.

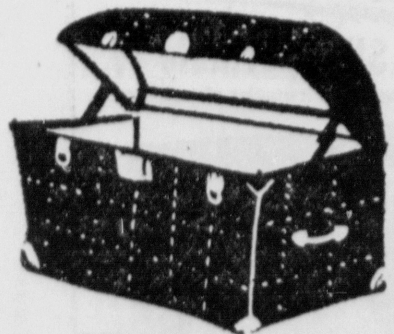

Msgr. Mason's parents, Mr. and Mrs. George Mason Sr., Wollaston, Mass., will be here for the ceremony. Two sisters, Miss Christena Mason and Miss Barbara Mason, both of Wollaston, will attend.

Three brothers and their wives also will be here. They are Mr. and Mrs. Joseph Mason, Scituate, Mass.; Mr. and Mrs. Martin Mason, Indianapolis, Ind., and Mr. and Mrs. Robert Mason, Islip Long Island N. Y.

Other relatives and friends from Massachusetts and this diocese will attend.

His Last Words—

With a Sigh of Relief: 'It Is Consummated'

(Continued from Page 1)
cross as a triumph of failure. To the immediate witnesses of his crucifixion, Christ's life seemed to end in defeat and disaster. To succeeding generations, however, the cross spells a spiritual victory over the force of violence; it represents the triumph of good over evil, of love over hatred.

When Christ spoke his final words from the cross, "It is consummated," his sojourn on earth seemed to be prematurely ended; but his sublime mission had been gloriously achieved. It was a mission meant to portray divine truth, goodness and beauty — not in the abstract phrases of philosophy, but in the concrete form of a living personality. It was a mission of infinite mercy, by which, in a divine paradox, the Son of God invested himself with human weakness, in order to lift up man to the majestic stature of the divine likeness. It was a mission of reconciliation, whereby the wall of separation between heaven and earth would be broken down, and the indictment of guilt,

as St. Paul calls it, be blotted out. It was an act of sublime self-surrender to the will of his heavenly Father to atone for the willful disobedience of his brothers in the flesh. It was not a manifestation of impotent weakness, as his enemies charged. It was a voluntary surrender unto death, in order that we who were dead in sin might live unto justice. Christ made this clear in his own words:

"I lay down my life that I may take it up again. No one takes it from me, but I lay it down of myself." (John 10:17-18)

When we contemplate the bitter agony of Christ in the garden of Gethsemane, his bloody scourging in the court of Pilate, his cruel death on the cross, we become aware that sin has its price. It is assumed all too often that the violation of the moral order does not carry with it a penalty, as in

the violation of the physical order. The consequences may be different, less immediate, and less apparent; but they are no less certain. Treason, lust, gluttony, deceit and hypocrisy impose penalties, as surely as fire burns and poisoned food destroys life. Personal sins lead to personal disaster, and social crimes end in social misery. It was the composite sins of all mankind that led to the cross; but the cross in turn led to victory over sin and death. No wonder, when the deed was done, Christ could cry out with exultant voice but with a sigh of relief:

"It is consummated."

Ball Point Pen Used In Airman's Suicide

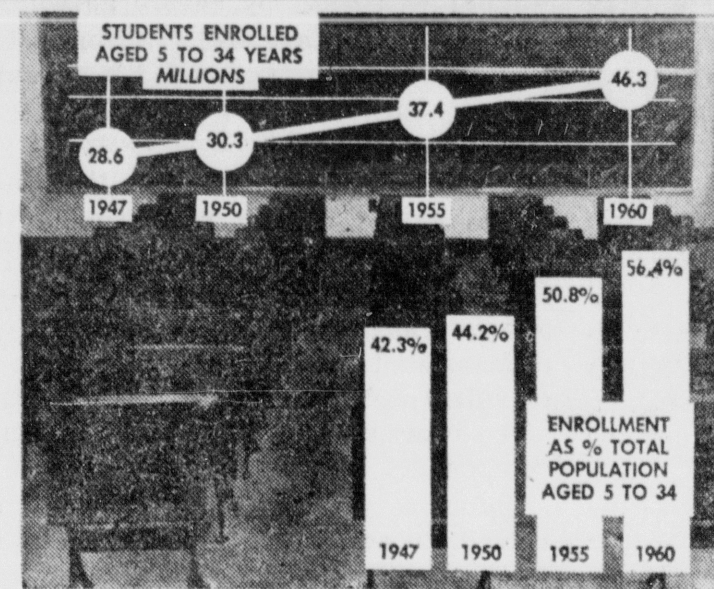

GWINN, Mich. (AP)—A medical examiner said an airman at K. I. Sawyer Air Force Base here apparently took his own life this week by pounding a metal ball point pen into his temple.

Dead is Ronald L. Stapleton, 35, of Dayton, Ohio, an airman first class who worked in the accounting and finance division at the base.

Dr. Arthur Amolsch of Marquette, Mich., said after his autopsy that there were 16 to 18 small marks on the palm of Stapleton's right hand, apparently made by the blunt end of the pen as he struck the instrument repeatedly to drive it into his right temple while standing in front of a mirror. His body was found in his room.

The doctor said the metal pen was driven about 3½ or 4 inches into the skull, entering the brain.

There is cause for rejoicing in free world industrial centers as first returns of worldwide output for 1960 begin to trickle in. With four fields analyzed — all major economic contributors — the communist world has not gained over free world growth in a single category. On the contrary, it has lost ground in all four industrial contests.

Steel, oil, electricity and cement production increased last year over 1959 in both communist and free world areas, but it grew faster outside the iron curtain. Russian economists admit the Soviet empire produced only 36 per cent of the world's industrial output — the same percentage they claimed in the late 1950s — last year, although Premier Khrushchev has boasted Soviet output will surpass 50 per cent of the world's total by 1965.

Free world mills last year turned out more than twice as much steel as was produced within the communist orbit, five times as much oil and four times as much electric power. Other comparisons not yet complete indicate a similar trend in other categories, but the important triumvirate of any industrial measure is composed of oil, steel and electricity.

All in all, 1960 was a bad year for the communist cause. In addition to losing industrial ground, the red bloc (principally

China) was beset by severe agricultural problems which are still far from solved. Castro of Cuba has succeeded in alienating all sympathy of his neighbors. No new territory was claimed by Soviet armies.

It may even be said that the United States gained more neutral support last year than did the communist camp. It is not time to suggest that the cold war tide of battle has turned irrevocably, but with concentrated purpose and a careful but confident diplomatic approach the setbacks given communist planners in 1960 can be compounded in 1961.

Unfortunately, the United States did not contribute as great a growth percentage to the Western record as did some of its allies, particularly West Germany, Italy and Japan. Improving the domestic business climate, therefore, is not merely a requisite to well-being. It is a cold war necessity.

Note to Hoecake Corners

By FRANCIS STILLEY

NEW YORK (AP)—Dear Everybody Out There at Hoecake Corners:

Well, this is just a short letter because I have not got much time because I have been out and got mixed up with what they call the subway here.

You never saw such as this and neither did I. It is trains that run under the ground and it sure is a puzzle to try to figure out where they go to.

That was what it was that got this old cowpoke into such a fix. Went and took one of the subways just for the heck of it. Ha you will laugh when I tell you what happened.

The subway train cars are more like cattle cars. They have doors on the sides and lots of them. Come to think of it believe the

cattle get to ride better back out home on the trains. They have got more room and they do not get so hot.

You do not buy a ticket to ride on the subways. You buy a little thing about the size of a dime, then you put this in a turnstile as you go on the platform where you get on.

Next time Rock Island No. 42 comes through, wish you would tell my old buddy conductor Rakes that this is the way he ought to run his rail road then he would not have to take up tickets. Ha ha.

Not many people sit down on the subways. There are a few seats but there are lots more people than the seats.

It costs you 15 cents even to stand up.

This is maybe more than it is worth. You don't see a danged

thing. It is all in a tunnel. Just black when you look out.

Well there was such a crowd I got jammed way back in and by the time I could get back out I was in a place they call Brooklyn. There is not much to that. Only stores and buildings. Took one look and was ready to go.

That is where the trouble really came in. I did not know how to get out either. Finally a citizen told me to go take another subway.

I did but here I now am in a place they call the Bronx. Sure a funny kind of name for this end of the country eh. The Bronx looks just about like Brooklyn.

There is lots more to tell you about New York but first I have got to try to get out of the Bronx.

Nobody Will Snub Kennedy

I was recently in conversation with young people and found that war was a very dirty word. This was not so true in 1913 when university campuses were stirred by the prospects of war.

Even then, there were those who believed in the pacifistic ideals of the Carnegie Peace Foundation and the Collegiate Anti-Militarism League. And then came the Ford Peace Ship with its unbelievable absurdities and finally the war

to make the world safe for democracy.

There was no doubt that the Kaiser would be hung on Times Square and that Woodrow Wilson was the greatest man in history. Young people went to war, singing "Over There," and Sousa's Marine Corps Band of 400 or whatever instrumentalists stirred the land to patriotism.

Nothing so exciting happened in World War II although the movies tried hard to make war popular and everybody was instructed to hate Hitler. But our people could not fall in love with Stalin or the coterie of unusual personalities that showed up in the government.

It was very difficult to believe that Harry Hopkins was a great statesman. When the United States lost World War II to Soviet Russia after making huge sacrifices in life and wealth, doubt spread as to whether anything really valuable is gained by war.

Then came the Korean War. China, a country which only a few years before had no reputable military force. The United States lost that war because its military strategy had to conform to United Nations political concepts.

These Americans were killed in a war in which victory was impossible because the proper place to fight the war was Manchuria and that was a sanctuary for the Red Chinese. From a military standpoint, the Korean War was madness; from a political standpoint, it was a disaster.

So just as many nations became neutral, American young people reviewed the theory of war and the necessity for it. As a matter of fact, the Truman and Eisenhower Administrations attempted to talk war out of existence and lost every battle. The enemy, the Russians, could not only talk longer and louder, but increasingly other nations became neutral. And when they adopted the policy of "positive neutrality," it really meant that they would not oppose Soviet imperialism while accepting American economic and military assistance.

The younger people, who will have to fight in a war, whose careers are being changed by war, whose marriages are being postponed by war, ask the pragmatic question: What will war bring us?

The task of President Kennedy is to answer that question in realistic language, understood not by his generation or his father's but by the very young men and women who these days ask, what did World War II, the Korean War or the Cold War bring us?

President Kennedy will have to reply that World War II has not been completed, that it may be a One Hundred Years War, that is has already lasted 22 years and has produced only chaos and confusion. He will have to say that the chaos will be deeper and

the confusion wilder as the years proceed because this is not a war for bits of territory or increased power; it is a war for survival and the enemy has made the United States its chief target.

Every tactical step in the Cold War fits into the immense strategy of first isolating and then absorbing the United States in the Soviet Universal State. Who wants to be absorbed?

The soundness of President Kennedy's position is that he is willing to risk the political consequences of war rather than to enjoy the stultifying pacifism of spiritual defeat. President Eisenhower made it a policy to avoid war during his career in office and he succeeded in the narrow sense that shot and shell were not used. But in the broadest sense, he failed because Soviet Russia developed the Cold War into a vicious campaign for American destruction by economic attrition.

So sure was Khrushchev that he was correct in his thinking that he humiliated Eisenhower as no American President had ever been humiliated before. And when the worst of it was over, Khrushchev faced the world, a vulgar but a conquering hero.

This can be said: Nobody is going to humiliate Jack Kennedy as long as he is President of the United States.

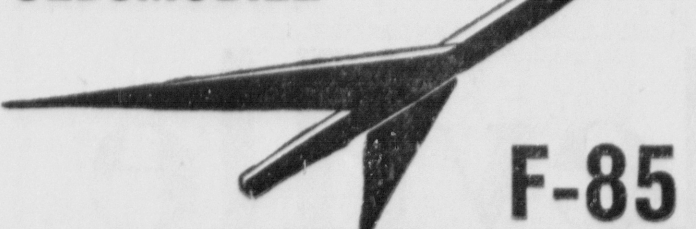

Ohio House Cuts Election Margin

COLUMBUS, Ohio (AP) — The House yesterday passed and sent to the Senate a bill lowering the vote required for approval of special school tax levies from 60 to 55 per cent. The vote was 95-9.

Rep. Bishop Kilpatrick, D-Trimble, said the emergency measure was designed to aid the Mineral Ridge School District where a tax levy failed of passage last year. He said the levy received a 57 per cent favorable vote. Mineral Ridge is near Niles.

MOVIE PRODUCER Billy Wilder has two gimmicks up his sleeve that he hasn't yet been able to jimmy into a picture. Both involve operatives from behind the Iron Curtain.

In one, the Commies kidnap a great film star in West Berlin and brainwash her. They are completely frustrated, however, because they discover she has no brains to wash.

In the other, a top Commissar takes it on the lam and seeks sanctuary in Paris. In revenge, the boys at the Kremlin liquidate his wife and six children. The Commissar thereupon hotfoots it right back to Moscow. He's no traitor at all; he just wanted to get rid of his family.

Home Rule Rated Next Step For District of Columbia

WASHINGTON (AP)—After 160 years, residents of the District of Columbia have the right to vote for their president. And President Kennedy has hailed it as "a major step in the right direction."

But Kennedy noted that the 23rd Amendment, approved by two-thirds of the state legislatures, by no means gives district dwellers home rule—direct control over their own governing body.

Kennedy's statement said "I am hopeful that the Congress, spurred by the adoption of the 23rd Amendment, will act favorably on legislative proposals to be recommended by the administration providing the District of Columbia the right of home rule."

That note was struck by many of the comments on the ratification of the constitutional amendment Wednesday by New Hampshire and Kansas, making up the 38 states needed to make it official.

At present Washington is governed by a board of commissioners chosen by the President. Congress enacts its laws and in effect is its board of aldermen.

Sen. Thurston B. Morton of Kentucky, Republican national chairman, called it a great day "for the general principle of suffrage-for-all in the United States." His statement made no mention of pressing on for home rule.

The Democratic national chairman, John M. Bailey, however, said "While this is a great step forward, it does not carry us to the goal to which the Democratic party is pledged in its platform of 1960. We need to permit the eligible voters of the district to elect their own local government and we also need to provide for voting representation in the Congress for the District."

Some numbers of Congress have been opposed to the home rule deal because Washington has

The Business World

By Sam Dawson

NEW YORK (AP) — The spirit of giving is strong in the land. The portion of income people donate declines less in slack times than do incomes themselves.

The spirit of giving unto others may burn brighter on Good Friday, at Easter and other times of religious emphasis, but the flame holds fairly even the year through.

Philanthropy is found in all levels of society, although the mass of contributions comes from individuals making less than \$10,000 a year. Giving also has become increasingly a part of the life of corporations, although they aren't supposed to have souls.

Giving has survived increased tax burdens, the rising cost of living, even the growing role of federal and local governments in social welfare fields once left largely to the private sector of the economy.

Philanthropy also manages to surmount a growing resentment

against the burgeoning number of causes to which individuals and corporations are asked to contribute. Many may scatter their donations less, but still give about the same—or more.

The American Association of Fund Raising Council, Inc., estimates that about half of private philanthropy is distributed to various religious activities, one-sixth to education at all levels, one-seventh to welfare and allied works, one-eighth to health in the form of endowment of hospitals or medical research or care and treatment of specific diseases. Many other causes divide the rest.

The total is now around \$8 billion a year. That doesn't include the unpaid efforts of volunteers serving institutions or doing some form of church or charitable work.

But the need for services seems to multiply even faster than the spirit of giving.

Rapid population increases account for some of this. The rub here is that the most growth in the number of Americans is at the two ends of the age brackets. The percentage growth is among the aging and the very young, rather than in the middle brackets where incomes are earned from which contributions can come.

But part of the rising dollar totals of philanthropic services is that we now get, or expect, ever advancing types of medical care, educational training, welfare assistance.

Where does the money come from? Much of it can't be charted. But the association estimates that individuals contribute \$6.5 billion,

corporations and other business firms \$420 million, charitable bequests \$570 million and various foundations \$710 million.

One source for the estimate of corporate giving is the deduction for contributions in income tax returns.

Corporations are credited with accounting for more than one-third of the total giving to United Funds and Community Chests.

Women's Republican Club Stages Luncheon-Meeting

Pickaway County Women's Republican Club staged an Easter covered-dish-luncheon and meeting yesterday in the First Methodist Church Annex, Circleville.

Mrs. H. O. Caldwell presided during the meeting. The session opened with the salute to the flag and the group singing "America". Mrs. Orlan Hines led in prayer.

Easter Program Presented at GOP Club Meet

Members of G.O.P. Booster Club met Thursday in the home of Mrs. Robert M. Barnes, 578 E. Main St.

Mrs. Marion I. Smith led the Pledge of Allegiance followed by group singing "The Battle Hymn of the Republic".

Mrs. Lucille Dumm was in charge of the meeting. She presented an Easter program with the readings "Easter Symbolizes", giving the various customs used throughout the world and "The Legend of the Dogwood Tree". A general discussion on the meaning of Easter followed. Singing of "Faith of Our Fathers" and "America, The Beautiful" concluded the program.

The hostess served her guests at a lovely table decorated in keeping with the holiday. Games followed and prizes were awarded to Mrs. Roy Dumm, Mrs. Charles W. Winner and Mrs. Wayne Stonerock. Mrs. Dumm also won the door prize.

Mrs. Stonerock will entertain the group at the April meeting in her home 1250 S. Pickaway St.

Dear Abby...

By Abigail VanBuren

This and Heaven, Too!

DEAR ABBY: Would you please put in the paper about what it would cost a man to hire a woman to clean his 8-room house every day, to cook for him and five children, to do all their laundry, to be there every minute to care for the children, to stay up nights when they are sick, to can 300 quarts of vegetables and fruits, and to sew all the clothes the children wear?

WOULD LIKE TO KNOW
DEAR WOULD: No one woman could be hired to do all the above-mentioned chores. (The Fair Labor Standards Act wouldn't permit it.) But a lot of women do it for their keep, a kind word and a tender touch. (The unluckier ones do it for nothing.)

DEAR ABBY: I am the mother of four married children and am "Nana" to ten adorable grandchildren.

My problem is that all four of my children fight over me. I have my own apartment, but they are constantly after me to give it up and come to live with them.

I spent the Christmas holidays with my eldest daughter, and I had to steal away in the night so the children wouldn't see me leave. They cried for days when they discovered I had gone. It's that way with the other grandchildren, too. Should I keep my own apartment or give it up and take turns living with my children? I am 58 and widowed.

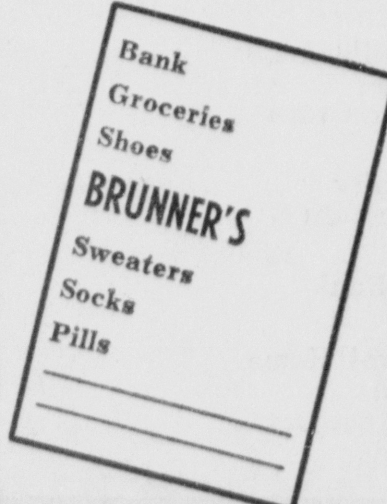

IN DEMAND
DEAR IN: Are you bragging or complaining? Keep your own apartment and continue to enjoy the status of the sought-after guest. Distance lends enchantment.

DEAR ABBY: Will you print my letter as encouragement to

AAUW Discusses Lenten Topic; Elects Officers

A timely Lenten topic was the subject of the program presented to members of the Circleville Branch of the American Association of University Women when they met on Monday evening.

Mrs. William Sprague, a member of the group, gave a book review of Par Fabian Lagarkvist's book "Barabbas".

Barabbas, who was a Roman prisoner in Jerusalem, was the criminal whom the people asked to be freed instead of Christ. Christ was crucified in his place. The book went on to tell what happened to Barabbas after the Crucifixion and the Resurrection.

Mrs. Alfred Johnson presided over the business session. Mrs. Robert Hendricks, chairman of the Education Committee, announced that her committee would sponsor Career Day at Jackson School April 27. At that time speakers representing various occupations will talk to groups of students with the purpose of acquainting them with the different possibilities for a life's work and perhaps to help students make their decisions.

Final plans were made for a guest night to be held April 24. Featured speaker for the evening will be Mr. Mahoni Sharp Young, director of the Columbus Gallery of Fine Arts. His topic will be "The State of Art Today".

Members were told that invitations would be available after April 13. Each member was asked to pick up her invitations from Mrs. Glenn McCoy at Dr. Robert McCoy's office during the day or from Miss Carolyn Fudge in the evening.

Election of officers was held with Mrs. Malcolm Lawrence as president; Miss Dorothy Smedley, recording secretary; and Miss Fudge, corresponding secretary. Officers will serve two year terms.

The offices of vice-president and treasurer are filled in alternate years.

Monday's meeting was held at the home of Mrs. Harold Clifton, 307 S. Court St. Assisting hostesses were Mrs. J. L. Chilcote, Mrs. Milford Tassler and Mrs. James Wilson.

Personals

Mr. and Mrs. C. C. McClure, 966 S. Pickaway St., have returned home following a visit with their son and wife, Mr. and Mrs. Clement McClure, and daughter, Marilyn, Birmingham, Ala. The McClures also visited friends in Tampa and Clearwater, Fla.

Worship Every Week ---

(Continued from Page 1)

Donald and Larry Plum, Mrs. Charles Dinkler will be at the organ. The Senior Choir will sing "Alleluia" by Mozart. Mrs. Richard Pettit will sing the solo "Easter Carol" by Bush.

First E.U.B.

Easter Services will begin at the First Evangelical United Brethren Church at 6 a. m. as the congregation joins in an Easter Sunrise Worship Service.

Following the service an Easter Breakfast will be served in the dining room of the service center.

The worship service at 9:30 a. m. will be in charge of the pastor, the Rev. O. F. Gibbs. His message is entitled, "The Easter Dawn". Edwin Richardson will assist the pastor in the worship service.

The Church Choir, directed by Montford Kirkwood Jr., will sing, "Very Early in the Morning" (Miles).

Miss Lucille Kirkwood, organist, and Mrs. Verneal Thomas at the piano will play the following numbers: prelude, "Easter Fantasy" (Kohlmann); offertory, "Easter Chimes" (Demorest); and postlude "Alleluia" (Lorenz).

Hymns to be sung by the congregation include, "Jesus Christ is Risen Today", "The Day of Resurrection" and "Christ Arose". A class of new members will be received into church membership.

Nursery care is provided during both the worship service and Sunday school. Sunday school in the children's department will convene in the service center at 9:25 a. m. with Mrs. Robert Dumm and Mrs. Donald Johnson in charge. Church school in the youth and adult departments will meet following the worship service.

The annual Easter Egg-Hunt will be held Sunday afternoon and all children of the church are urged to meet at the service center at 2:45 p. m. The Youth Fellowship will not meet Sunday.

St. Philip's Episcopal

Children of St. Philip's Episcopal Church will begin their observance of Easter starting at 3:30 p. m. tomorrow, Easter Even, when they have a service for the presentation of their Lenten Mite Boxes in the church.

The Girls' Choir, under the direction of Miss Lois Wittich, will sing. The service will be conducted by Rev. William G. Huber, and will include the reading of the Easter story from the Gospels. Acolytes serving at this service will be Bill Weldon and John Wright.

Following the service, the children will have an Easter egg hunt on the church lawn after which refreshments will be served. Each child is requested to bring a dyed egg, in addition to his mite box. The hunt will be directed by Robert Hutzelman, church school superintendent.

Choral celebrations of the Holy Communion will be held at 8 a. m. and 10 a. m. Easter Day with the Rector as celebrant and preacher at both services. The Choir will sing "He is Risen" by Copes at the early service. Hymns to be sung will include: "Welcome, Happy Morning", "The Day of Resurrection", "The Strife is Over" and "At the Lamb's High Feast". The organ prelude will be "Regina Coeli" by Titcomb.

At the late service, the Choir will be joined by the Girls' Choir for the singing of the Communion Service by Healy Willan. The Girls' Choir also will sing "Alleluia to the Triune Majesty" by Warner. Hymns to be sung at the 10 a. m. service will include: "Jesus Christ is Risen Today", "He is Risen!", "The Strife is Over" and "Come Ye Faithful!". The organ prelude will be "Ye Watchers and Ye Holy Ones" by Snow.

Acolytes serving at 8 a. m. will be Tom Wright, Douglas Thompson and Louis Pomerville with Chip Harrod in charge. Servers at 10 a. m. will be Mike Melson, Roddy Sines, Billy Huber and Danny Thompson with Mike O'Donnell in charge.

A great drought in the Colorado Wetherill Mesa put an end to farming and hunting activities of the Pueblo Indians who were cliff dwellers in that region.

Easter Bonnet

These are the times that try women's souls.

But all the mischief youthful fingers may perform can only fray the nerves and upset the budget.

You can't spoil Easter.

For Easter isn't frills and finery. Easter isn't pride and parading.

Easter is the soul's own Life—bright with God's love today—rich with His promise tomorrow.

Its adornment is a world at worship . . . souls at one with the risen Christ . . . fulfilling the ageless quest for the beauty and joy which cannot perish.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Special Services To Mark Easter in County Churches

All the glory and triumph surrounding Easter will be brought forth Sunday in most county churches.

Several churches will hold Sunrise Services, followed by breakfast and special worship periods. Others will present original productions and join in singing hymns appropriate to the Holy Day.

Many Sunrise Services are scheduled to start as early as 6 a. m. and continue on through the morning. Some churches in the same charge will combine their devotions.

Festive Easter worship services will be held at Ashville's First English Lutheran Church at 6:30 and 9:15 a. m.

THE Easter Sunrise Service will

begin at 6:30 a. m., with Miss Miriam Ward, church organist playing "Open the Gates to the Temple" by Knapp as her prelude. Miss Ward will play "Easter Dawn" as her postlude to the service. The Junior Choir under the direction of Mrs. Rolland Featheringham will sing.

Seminarian George Lambert from the Evangelical Lutheran Seminary of Columbus will present the Easter Sunrise sermon entitled, "The Fine Art of Going Downhill" based upon the text from Saint Luke 24:1-13. The Reverend Robert Gruenberg, pastor of First English will act as Liturgist. The sunrise service will be under the auspices of the Senior Luther League of First English. Miss Janet Bausum will read the Old

Testament Lesson Mr. Gary Hoover the Epistle, and Miss Martha Ann Dore will read the Gospel for the Day. Mr. William Cromley will have the closing Easter Prayer. Acolytes for the sunrise service will be Rick Brown and Bill Dore.

Following the Easter Sunrise Service, a light Easter brunch will be served in the Sunday School rooms by the Senior Luther League.

The Festival Easter Worship will be held at 9:15 a. m. commemorating the Resurrection of our Lord. The Church Sanctuary will be decorated with palms and flowers for the occasion, and the old rugged cross in the baptistry will be covered with a cross of lilies.

PASTOR Robert D. Gruenberg will present the Easter sermon entitled "The Victorious Christ" based upon the text from Saint John 14:19. Holy Communion will be celebrated in connection with the service.

At 6 a. m. the Laurelville EUB Church Youth will present their own production of the Pageant by Grace Chapin Auten, "The Living Lord".

This is a 35 MM color slide dramatization of modern 20th century and Biblical era characters telling the Prophet Isaiah that his prophecies have come to pass.

The filming took place on California Hollow Road, southeast of Laurelville. The Pastor, the Rev. Wayne M. Fowler was in charge of the film and also the tape recording of the voices.

At 9:30 a. m. the Pastor will bring the message of the "Resurrected Christ". At 7:30 p. m. the choir will present a Cantata entitled, "The Light of the World". This was arranged by the Rev. Fowler and combines the Scriptures with age old hymns such as "The Light of the World Is Jesus", "In the Garden", "The Old Ragged Cross".

Derby Methodist Charge will hold Easter Sunrise Service at 6:30 a. m. at the Five Points Methodist Church.

Breakfast will follow at 7:45 a. m., served by the Five Points Methodist WSCS. In addition to Five Points, Derby and Greenland Church members will take part in the special service.

Easter Sunrise Service will commence at 6 a. m. at St. Paul Evangelical Lutheran Church, Route 2, Ashville.

PASTOR H. E. Giese will deliver the sermon "The Risen Christ". Holy Communion will be celebrated.

The Junior Choir will sing "An Easter Carol" directed by Mrs. H. Petty. Mrs. J. Miller will sing a solo entitled "Easter". Sunday School and the membership class will hold forth at 8 a. m.

Commercial Point Methodist Charge will hold Sunrise Service at 7 a. m. at the Commercial Point Methodist Church. Concord, Darbyville and Hebron will participate.

Sunrise Service will begin at 5:40 a. m. at the Bethel Methodist Church. Kingston Methodist Church will hold services at 6 a. m. The Rev. Printis Spear is pastor of the Kingston Methodist Charge. It also includes Crouse Chapel and Salem.

The Ashville Methodist and Hedges Chapel Churches will hold combined Sunrise Services at 6:30 a. m. at Hedges Chapel.

Easter Sunday has been chosen as Family Day at the Circleville Church of God. The Rev. R. J. Varnell is pastor.

Cutback Due For 52 U.S. Military Units

WASHINGTON (AP)—The Defense Department has announced the closing or curtailment of activities at 52 military bases and installations in the United States. Secretary of Defense Robert S. McNamara said this was the first phase of the already announced White House plan to eliminate obsolete or surplus installations among the 6,700 bases at home and abroad.

The estimated annual savings from today's action may eventually reach \$220 million, although this amount would not be saved during the several years needed to carry out the cutback program.

The cutback will affect about 15,000 civilians and military personnel in the United States and about 19,000 overseas.

Of the 15,000 in the United States, about 9,000 are civilians working at bases and 6,000 are military. Overseas, about 15,000 are military and 4,000 civilians.

McNamara told newsmen the Defense Department will do all possible to relocate persons who lose jobs by the shutdowns.

He said that since the cutback program will be carried out over a period ranging from 12 to 36 months, there should not be any "sudden, sharp, critical impact" on employees.

The list of installations to be reduced or discontinued includes: Cincinnati Army Ordnance District storage facility, Kings Mills—Declare excess and turn over to GSA for disposition within next few months.

Rossford Army Ordnance Depot, Toledo—Inactivate, declare excess and turn over to GSA for disposition. To be closed out over three year period.

Only 13 persons are employed at Kings Mills while the current payroll at Rossford is 1,600.

January Baby Crop Sets U.S. Record

WASHINGTON (AP)—More babies were born in January in this country than in any previous January. Reporting this today, the Public Health Service put the estimated figure for January at 358,000 live births.

This was 5.9 per cent more than the January 1960 total and represented the largest January gain over the preceding year during the past decade.

The January total was 1.7 per cent higher than the previous January record set in 1959.

The birth rate during January was 23.2 per 1,000 population, an increase of 4 per cent over the 22.3 rate for January 1960.

The January record was a continuation of an upward trend in births which began in August.

The National Office of Vital Statistics also reported that there were 96,000 marriages during January, an increase of 3,000 or 3.2 per cent over the figure a year earlier.

Deaths totaled 154,000 in January, down 2,000 or 1.3 per cent from the January 1960 total. The death rate in January was 10 per 1,000 population, about 3 per cent lower than that for January 1960.

On the other hand, infant mortality increased during January to a rate of 28.1 per 1,000 live births, compared with 27.4 a year earlier.

Disputed Poll Panel Appointment Made

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown Thursday appointed Jack Sullivan of Youngstown as a Democratic member of the Mahoning County Election Board.

Brown acted although an action is pending in the Ohio Supreme Court to force the appointment that the secretary of state had refused to make.

Brown had rejected a recommendation by the Mahoning County Democratic Executive Committee to make the appointment on grounds that Sullivan was unqualified.

The secretary based his refusal on circumstances that prompted the board to fire Sullivan as deputy clerk after extensive failure of voting machines in last year's primary election.

Science Prepares To Fire Piquas' Atomic Power Plant

PIQUA (AP)—On a bank of the Miami River where Shawnee tribesmen once tended campfires, scientists are preparing to make the atom fizzle instead of pop.

The entire cost will exceed \$7.4 million. But when they are finished this fall, they will have erected the first municipally - managed atomic power plant in the world—a forerunner, the Atomic Energy Commission hopes, to cheap electrical power.

The plant here will be capable of lighting more than 114,000 100-watt light bulbs. Two and one-half train car loads of coal would be required to light those bulbs for 24 hours under conventional methods.

But only two ounces of atomic

fuel will be "burned" in a day of peak operation at the A-plant, an engineer for Atomics International, the firm contracting the job, tells you.

"We call this one an organically-moderated reactor because it uses a petroleum substance as both a moderator and a coolant.

"The substance—formerly used to preserve fruit and seal other materials—will circulate near the elements—much like oil in an auto engine. It will then flow to heat transfer units to boil water for steam.

A building adjacent to the reactor will house the control room—a room filled with enough dials, gauges, moving graphs, levers, switches and buttons to satisfy the most ardent science fiction fan.

Here scientists speak a new language. Talk of neutron flow, flux level and a button called "SCRAM" flows glibly.

"The SCRAM button will be pushed to close the reactor down in case of an emergency," he said. "Normally, dozens of other safety devices will handle the job."

The word SCRAM, he insists, has nothing to do with a hasty get-away, but is just a code name.

Why did Piqua seek its pioneering role.

City Manager Robert M. Hance says the city saw a chance to gain knowledge and experience in a field that "unquestionably" is a thing of the future.

The trick is control, says Faris U. Bower, project engineer. It's control that makes the difference between an atomic blast and an atomic furnace.

But to get a better idea of how scientists produce a fizzle instead of a pop, let's take a short tour with Bower:

"That building there will house the reactor," he said, pointing to a steel-dome, Bower pointed to a pit, big enough to hold a truck. "That's where the reactor vessel goes," he said.

"You've got to understand what we're trying to do. An atom splits when a free neutron strikes it. In the process that follows, heat is produced and other neutrons are released from the original atom. These in turn bombard other atoms—creating the chain reaction.

"The reactor vessel will house 78 fuel tubes—elements we call them. There will also be 13 control rods. The rods—when pushed down into the tubes—will slow the reaction by absorbing neutrons. When the rods are withdrawn, fission increases.

"The elements," he said, "will be loaded with roughly 13,280 pounds of fuel. Of this total, 260 pounds will be U-235, the active fissionable ingredient.

"There's something else different about this reactor," Bower continued. "In the past, reactors have employed graphite or water to moderate or slow down neutrons and thus control the atomic 'fire'.

John P. Gallagher, Piqua utilities director, submitted a detailed program to the AEC in 1956. It was accepted after many months of negotiation.

Under terms of a five-year contract with the AEC, the government will finance the plant and retain the title. It will reimburse the city for operating and maintenance costs.

However, any resident in this city of 19,000 looking toward a lower monthly electric bill because of the new plant may be disappointed.

The city will pay the AEC for steam at a rate of 20 cents per thousand pounds—about what it costs to produce steam under conventional methods.

The AEC, meanwhile views the Piqua plant as an excellent source of study of coal vs. the atom. Piqua's conventional plant now consumes 100,000 tons of coal a year. When the nuclear plant is into peak production, it should furnish half the steam—permitting a comparison of costs and a pioneering step toward a modern goal: Creation of a cheaper source of power.

The Senior Class of the High School held an Easter assembly Thursday afternoon in the school auditorium with Jane Davis in charge of the program. The Rev. Dulaney was the speaker.

The Mt. Pleasant Garden Club of Kingston met with Miss Grace Dresbach, Route 2, Monday night. She was assisted by Mrs. Fred Schiff.

The president, Mrs. W. R. Sunderland, conducted the meeting. She reported on the workshop in modern flower arranging which she and Mrs. D. H. Dreisbach attended the Chillicothe Baptist Church. She announced a judges' clinic to be held at the Grove City Library, May 3.

Mr. L. E. Hill and Mrs. Marvin Jones were appointed to make flower arrangements for the VA Hospital Open House, May 3. Prize winners for the arrangements taken to the meeting were: Mrs. Jones, first, Mrs. Sunderland, second, and Mrs. Hill, third. Mrs. Mabel Kimmell distributed flowers seeds to be planted by the club.

MRS. HAROLD Boecher shower seeds to be planted by the club, and spring wild flowers.

The Club will sponsor a flower, bulb, and shrub sale at Marvin Mitchell's Garage in April. The next meeting will be held at the home of Mrs. Sunderland, April 24.

Cincy Attorney Due To Surrender

CINCINNATI (AP)—Attorney Robert J. Smith must surrender April 7 to begin serving his one-year prison sentence for making a false bomb report, U.S. District Judge John H. Druffel ordered Wednesday.

Judge Druffel denied a motion for a reduction of sentence. Smith was convicted in May 1959 and sentenced to a \$1,000 fine in addition to the prison term. He had been accused of making a telephone call to the Greater Cincinnati Airport on Jan. 30, 1959 saying a bomb was on a plane preparing to leave.

The conviction has been upheld by a court of appeals and last week the U.S. Supreme Court declined to hear the case. Smith has been free under \$10,000 bond.

The World Today

WASHINGTON (AP)—President Kennedy's problem with communism is like inviting a man to dinner and the trying to make sure he doesn't stick the silverware in his pocket.

Even a not-likely-son American-Soviet agreement on disarmament and nuclear testing—something the optimists would like to think means peace—won't keep the Communists from doing what they're doing.

They're men with a mission and what they're doing is trying to take over the world. Since they're convinced they have time on their side, they're not in a hurry. If they can't do it all at once, they can try a bit at a time.

For instance, don't bet that peace, if it comes to Laos, will last long. The shooting by the Russian-backed guerrillas in the north would not necessarily start up soon.

But the Communists would be infiltrating the rest of Laos, trying for a grab from within. Or, they could try it with shooting if they first create a crisis somewhere else to distract the West and take up its energies.

And even though things quiet down in Laos indefinitely, there are always other places, Southeast Asia and the Middle East, for example. Southeast Asia is full of such places.

At the moment Kennedy's prestige seems high in the world. He acts like a quietly tough young man who has nothing but good will for the rest of mankind but won't stand still to be bulldozed.

The Russians and Red Chinese can't stand too much of that. Anytime Kennedy begins to look like too much of a world-persuader—meaning persuading away from communism—they'll try to give him the miseries.

In this case it would mean creating for him a series of crises, rocking and socking him, keeping busy, distracted, and running around with a fire-hose to put out blazes in a dozen places.

A tremendous Red Chinese attack on Formosa—creating concern in this country not only for Formosa but over the prospect of getting into war in China—would be a nice distraction for a push somewhere else.

General Tele Faces Ironton Area Probe

IRONTON, Ohio (AP)—The Public Utilities Commission of Ohio has promised an informal investigation into complaints of poor service by the General Telephone Co. of Ohio in eastern Lawrence County, the chairman of a subscribers protest committee reported.

Some 400 customers in Chesapeake, Burlington and Proctorville have threatened to have their telephones removed unless service improves.

F. W. Hamper of Marion, vice president in charge of operations for General Telephone, promised the group improved circuits. The company's advance surveys did not indicate the rapid growth that has come to the area, Hamper said.

Columbusite Is Named To Real Estate Panel

COLUMBUS, Ohio (AP)—John H. Pace of Columbus has been named to Ohio's Board of Real Estate Examiners for a term ending in 1963. Gov. Michael V. DiSalle appointed him Thursday to replace Wallace E. Nelson of Columbus, resigned.

GE Flight Propulsion Chief in Cincy Named

CINCINNATI (AP)—A default judgment of \$100,000 against John J. Ruf, bookkeeper implicated in the \$3 million Leslie D. Stickler fraud case, was entered in Hamilton County Common Pleas Court Thursday. Ruf failed to appear in court to answer charges that he took the money from 25 holders of cognovit notes and turned it over to Stickler, who was supposed to invest it.

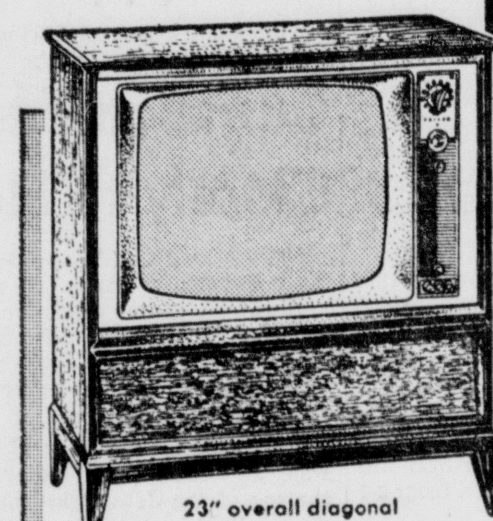

There's always the chance the Russians and Red Chinese will fall out. From behind the iron curtain they've let out stories about Chinese squabbles with Khrushchev because he's too soft.

That makes him—comparatively—look like a good guy. It might even induce the West to make concessions to encourage nice guys. But experts on communism say this is just an act, well thought out.

If this is a gloomy look at what is ahead—not only for Kennedy but for presidents after him—it remains for someone with a rosier view to come up with indisputable information to the contrary.

Cal Griffith Heading for Baseball Gold

ORLANDO, Fla. (AP) — After years of austerity, Calvin Griffith, owner of the Minnesota Twins, formerly the Washington Senators, is striking it rich. Unless all signs fail, Griffith and his transplanted Twins are headed for a success story that may approach or equal that of Lou Perini and his Braves when the Boston franchise was moved to Milwaukee eight years ago.

Last year in Washington, the club's advance season ticket sale totaled only \$127,000. So far, in Minneapolis-St. Paul, more than \$750,000 has been banked from season tickets. Club officials are confident the amount will exceed \$1,200,000 before opening day.

"We drew 743,000 in Washington last year," said Herb Heft, the club's publicity man. "We'll be disappointed if we don't come close to doubling that figure. We know we're going to sell out opening day and we're already assured of at least 12,000 fans at every one of our games. We're going to start out with more money in the bank than Washington grossed all last year."

The seating capacity at the Bloomington Park has been increased from 22,000 to 30,463. By September, the stadium will be able to seat 40,000.

Su Mac Lad Cops \$25,000 Inaugural Trot in Easy Style

YONKERS, N. Y. (AP) — Su Mac Lad, owned by I. W. Berkemeyer of New Milford, N.J., took command before the first quarter and went on to an easy victory Thursday night in the \$25,000 Free-for-All Inaugural Trot at Yonkers Raceway.

George Van Camp's Steam' Demon, coming down on the ailing list this week, finished sixth. Local trainer Jack Betts said Steam' remained on the doubtful starter list until late yesterday.

Su Mac Lad, driven by Harold Dancer Sr., substituting for his brother Stanley who is under a five-night suspension, beat Silver Song by a length and a quarter. Air Record was third, another length and three-quarters behind.

The winner, the 8-5 favorite, trotted the mile in 2:03 4-5, fastest time of the meeting for either gait, and returned \$5.20.

Su Mac Lad picked up \$12,500, boosting his lifetime earnings to \$222,249.

Great Lullwater finished fourth in the field of seven followed by Tie Silk, Steam' Demon and Rexall Boy.

Braves Grab Third Win

Logan Elm captured its third straight county baseball win yesterday with a close 10-9 verdict over visiting Darby.

The Braves broke a 9-9 deadlock with a run in the seventh inning. The test was marred with errors as Logan Elm committed seven and Darby six.

Chuck Spangler recorded the win on a six-hitter. He fanned eight and walked three. Paul Krieder and Jeff Tracy worked for Darby.

Logan Elm picked up 10 hits, with Roger Clarke getting three and Bill Parker two. The only extra-base blow was a double by Frank Tanzillo of Darby.

Darby rushed to a 6-3 lead before Logan Elm cut loose for four runs in the fourth inning to open a gap. The Trojans knotted the count with two runs in the sixth, but the Braves came back for the winning tally in the seventh.

Pete Rannels of the Boston Red Sox, the American League batting champion in 1960, hit an even .500 in Yankee Stadium.

Cardinals See Giants Deal Start Payoff

Former Frisco Trio Stars as St. Louis Defeats Dodgers

By THE ASSOCIATED PRESS

Three trades the St. Louis Cardinals made with the San Francisco Giants are starting to prove beneficial for the Red Birds with pitcher Ernie Broglio, first baseman Bill White and shortstop Daryl Spencer all figuring prominently in their 1961 National League pennant plans.

The trio starred in the Cards' 2-1 exhibition baseball victory over the Los Angeles Dodgers at St. Petersburg Thursday. Broglio, a 21-game winner last season, just about clinched the opening day assignment by becoming the first St. Louis pitcher to go nine innings this spring.

The big right-hander allowed four hits, struck out four and walked four. The lone run off him came on Duke Snider's fourth-inning homer.

White, who batted .283 and slugged 16 home runs in 1960, collected two of the Red Birds' six hits. Spencer broke up the game with a ninth inning home run off veteran Don Newcombe, who is attempting a comeback with his old team. The lanky infielder was the first batter to face Newcombe in the ninth. Newcombe, who relieved starter Larry Sherry, gave up three hits in his three-inning stint.

Elsewhere along the exhibition trail Thursday: Minnesota edged the Chicago White Sox 4-3, New York nipped Detroit 5-4, Milwaukee trimmed Kansas City 8-2, Pittsburgh posted a 6-4 victory over Philadelphia, San Francisco turned back Boston 7-5, the Los Angeles Angels shaded Vancouver of the Pacific Coast League 3-2 and the Baltimore "B" squad edged Richmond of the International League 6-5. The game between the Chicago Cubs and Cleveland was canceled by wet grounds at Tucson.

Hal Naragon's three-run homer and Bob Allison's solo four-bagger triggered the Twins' conquest over the White Sox. Home runs by Deron Johnson and Jesse Gonder were the key blasts in the Yank's win at the expense of the Tigers.

Billy Martin batted in five runs with a homer and two singles in the Braves' success over the A's. Joe Adcock also homered for Milwaukee. Dick Schofield's two-run homer in the eighth provided the winning margin for the Pirates against the Phils.

Willie Mays and rookie Tom Haller produced homers in the Giants win over the Red Sox. Jackie Jensen of Boston was forced to retire with a pulled muscle in his right leg. The injury was believed not serious.

Bell and Arledge Scores Are High

Joan Bell of GE No. 3 registered a 165 single and Charlotte Arledge of GE No. 4 a 452 series to set the pace in Thursday Afternoon bowling at Circle D.

Other top scores included a 164 single by Betty Rowland of Marathon and a 441 by Annabelle Crosby of Beaver Studio.

High team scores were chalked by GE No. 2 with a 693 and 1,993 and GE No. 4 with a 691 and 1,951. Annabelle Crosby and Joan Bell tipped 5-7 splits and Anna Keaton did the same on a 2-7 setup.

Two American League umpires, veteran Eddie Hurley and newcomer Sam Carrigan, were born in Holyoke, Mass.

Tribe Slashes Roster to 30 Players

TUCSON, Ariz. (AP) — The Cleveland Indians have cut their roster to 30 by sending six players, including Dick Stigman, to their minor league training base at Daytona Beach, Fla.

The 25-year-old southpaw, a member of the American League All-Star team as a rookie last season, is suffering from a muscle tear in the elbow of his pitching arm. He'll be placed on the disabled list unless his arm improves by April 11, Opening Day.

The Indians announced Thursday that pitchers Sam McDowell, Mike Lee, Julius (Swampfire) Grant and Dave Tyrer and catcher Lou Holdener are being sent to Daytona Beach for assignment.

The decision to send Stigman out was made after he struggled through a batting practice session when the Indians' game with the Chicago Cubs was rained out Thursday.

"He's going to Florida and run to keep his legs in shape," Manager Jimmie Dykes said of Stigman, counted on as one of the top relief hurlers for 1961. "We're going north next week and that cold weather isn't going to do him any good. He'll rejoin us in Cleveland for the home opener against Detroit on April 18."

The Indians are now two above the 28-player limit they can have during the first month of the season. The roster includes a dozen pitchers and Dykes may keep them all because of the uncertainty of their hurling corps.

Frank Funk, counted as one of the bullpen specialists, is recovering from a sore arm. Possibilities for relief work are Russ Heiman, Steve Hamilton, Don Schaefer and Wynn Hawkins. The other hurlers are Jim Perry, Gary Bell, Johnny Antonelli, Jim Grant, Bob Locke, Barry Latman and Bob Allen.

Popular Sonny 1st For 2-Minute Mile

Poplar Sonny, a speedy 4-yr-old son of Poplar Byrd, one of the outstanding nominees to the \$8,000 HTA Pace at Scioto Downs on June 10, became the first harness horse of 1961 to record a two minute mile.

Owned by Kelly and Peter Katona of Milan, Mich., Poplar Sonny defeated a brilliant field of Class A pacers recently at Santa Anita, timed in the magic two minutes flat.

Included in the select field were such sidewheelers as Meadow Helene from the Del Miller stable, Raider Frost, and Mocking Byrd, all with records of two minutes or better.

Golfing To Make New Debut at CHS

A Circleville High School golf team, after an absence of competition for several years, will make its debut here April 15.

The golf game will resume this season under supervisor Robert Ransom, faculty member and teacher at CHS. He will have capable assistance from Bob Biscioti, Pickaway Country Club pro who will work with the team as adviser.

The Tiger linksmen will open the season against Franklin Heights. The schedule calls for four regular matches, a four-team meeting of SCO squads at Washington C. H. and Central District tournament competition in Columbus.

Ransom said all home matches will be held at the Pickaway Country Club. They will take place on Saturday mornings, with a usual starting time of about 8:30.

A new and interesting twist may be added. Ransom said Betty Fraser may become a member of the team if permitted under the Ohio High School Athletic Assn. rules.

The CHS supervisor said Miss Fraser has plenty of golfing potential and could become a mainstay if allowed to participate.

Listed on the current roster are Brad and Joe Schneider, Tim Dickinson, Mike Bowman, Jerry Olney, John Adkins, Bob Fuhrman, Butch Lutz, Larry Lane, Steve and Bruce Helwagen, Tom

GE No. 1 Takes League Crown

GE No. 1 wrapped up the Prairie Gals bowling league championship in the loop's final week of competition at Prairie Lanes.

The champs took the crown on 52 wins and 38 losses. Circleville Metal made it a close race by finishing with 50 victories and 38 defeats.

Final action saw Jean Crider of General Telephone emerge high series bowler with a 520. Single honors went to Frances Susa on a 203.

GE No. 1 and Tinks Tavern each posted a 2,156 total. The GE team also had high single game of 792. The final standings:

Batch of Sophomores Due To Carry Load for Phillies

CLEARWATER, Fla. (AP) — The Philadelphia Phillies are banking on a slew of sophomore hitters and a crew of mostly seasoned pitchers to get them out of the National League cellar where they've languished for three dark years.

Manager Gene Mauch, himself a sophomore in the big leagues, thinks the year under his belt will help him as well as the club.

"I know the players better now and they know me better," he said. "Also, we are more familiar with the rest of the league. That should help us."

When Mauch succeeded Eddie Sawyer as manager of the Phils after opening day last year, he launched a rebuilding program. By trades and recalls, he substituted eager youngsters for fading veterans who managed to win 59 games. He believes the kids, benefitting from the year's experience, are ready to move up the ladder.

"We have a young outfield, with unlimited potential," said Mauch. "In another year or two, kids like Johnny Callison (21) Tony Gonzalez (24) and Tony Curry (22) could rank with the best outfielders in baseball."

At present, Mauch is sure of only half an infield, Frank Herrera at first and Tony Taylor at second. A pair of rookies, Jim

Woods, who hit 19 home runs at Indianapolis, and Bob Sadowski, who batted .340 at San Diego, are battling for the third base job. Ruben Amaro has the edge over Joe Koppe and Bob Wine at shortstop.

Mauch plans to carry six outfielders, nine pitchers and three catchers. He has Callison, a promising slugger who batted .260 last year, in right field; Gonzalez, another bright hopeful, in center; and Curry, the team's leading hitter this spring, in left. Ken Walters, Bobby Gene Smith and Bobby Del Greco, as reserves.

Clarence Coleman, a 23-year-old rookie catcher who played at Orlando, Fla., last year, may win the No. 1 catching assignment. Clay Dalrymple, who batted .272 in his rookie year, is his chief competition.

Robin Roberts (12-16) heads the pitching staff augmented by the acquisition of Frank Sullivan (6-16) from Boston in exchange for Gene Conley. Art Mahaffey, a 23-year-old right-hander, who won seven of 10 decisions in his rookie year; John Buzhardt (5-16) and either Dallas Green (3-6) or Chris Short (6-9) will be the other starters. Dick Farrell (10-6) will head the bullpen which will include Jack Mayer (3-1) and either Jack Baldschun (12-9 at Columbia) or veteran Ruben Gomez (0-3).

Easter To Hold TV Spotlight

Except for Holiday, Few Specials Listed

NEW YORK (AP)—Except for an outpouring of special programs tied to the Easter weekend, things will be fairly quiet in televisionland the next seven days.

Tonight however, there is a debut of a new dramatic series, "Way Out," which takes over on CBS (9:30-10 EST) and promises to concentrate on the strange and mysterious.

There is another American Heritage program, "Not in Vain," concerned with events leading up to the Gettysburg Address, on NBC Saturday night (9:30-10). Raymond Massey again will play Lincoln.

On Sunday morning there will be both Protestant and Catholic church services televised between 11 a.m. and noon. NBC will have its cameras in the Cathedral of the Holy Cross in Boston where Richard C. Inal Cushing will celebrate a Solemn High Mass. CBS' services will be broadcast from New York's Riverside church, with Dr. Robert J. McCracken officiating.

A new opera, "Break of Day," will have its premiere on ABC (1-2 p.m.) Sunday, a musical treatment of the Resurrection.

The first of a number of briefing sessions on the forthcoming trial of Adolf Eichmann will be shown on ABC at 3:30 Easter Day. For evening entertainment there is, on NBC, a special called "Mainland Circus" (8-9) with Rosemary Clooney and Lloyd Bridges, followed by another Roy Rogers country-style special on the same network. ABC has a police-action series, "Asphalt Jungle," making its bow at 9:30.

On Wednesday (8:30-9 p.m.) CBS has an action series, "Danger Man" bowing in, and ABC's Thursday night "Silents Please" (10:30-11) is a condensation of "The Hunchback of Notre Dame" with Lon Chaney.

Hell Put on Map, Paradise Misplaced

DETROIT (AP)—Michigan Highway Commissioner John C. Mackie put Hell on the map but misplaced Paradise.

Mackie said the department decided to put Hell—in southern Michigan—on the state's official highway map because so many persons wrote asking how to get to the tiny community.

But then the department released a recommended visit to Paradise, which it located in the Upper Peninsula's Luce County. Since Paradise is in Chippewa County, jesters there have some suggestions about where the highway department can go—using the official map, of course.

2 Olympic Runners Due For Meet in Athens

ATHENS, Ohio (AP)—At least two Olympic runners are expected to participate in the second annual Ohio University Relays here Saturday, April 8.

O.U. Track Coach Stan Huntsman said the list of schools to compete in the relays thus far includes the University of Michigan, Western Michigan, Ohio State, Ken-tucky, Notre Dame, Kent State, Cincinnati, Pittsburgh, Marshall and Ohio University.

Tom Robinson of the West Indies and Ergas Leps of Canada, both Olympic runners, will compete for the University of Michigan in the annual event.

As of now, man has discovered 102 chemical elements.

Ohio Racing Opener Set

First Horses Slated For Contest Saturday

COLUMBUS, Ohio (AP)—"And they're off!"

The horses, that is, and occasionally the shirt off somebody's back.

For Saturday starts the racing season in Ohio, with 44-day meets beginning at Ascot Park near Cuyahoga Falls and Toledo's Raceway Park.

Under state law, no meets may be held in Ohio between Nov. 1 and March 1. Last year, the state's thoroughbred and harness tracks operated 649 days and nights, pouring more than \$100 million in excise taxes into Ohio's coffers.

This season's racing dates approved by the Ohio Racing Commission are:

Northwest: Thoroughbred
Ascot Park—April 1-May 22 (44 days), Randall—May 24-July 13 (44), Thistle-down—July 15-Sept. 4 (44), Cranwood at Thistle-down—Sept. 8-Oct. 28 (44).

Northwest: Harness
Northfield—May 5-June 24 (44 nights), Grandview at Northfield—June 27-Aug. 16 (44), Painesville at Northfield—Aug. 18-Oct. 9, dark Sept. 21 (44).

Central: Thoroughbred
Beulah Park—April 29-May 27 (25) and Sept. 9-30 (19), return to split meet after holding single 44-day meet last season.

Central: Harness
Scioto Downs—June 2-July 22 (44), Mid-America Racing Association at Scioto—July 24-Sept. 7 (40).

Southwest: Thoroughbred
River Downs—May 26-July 15 (44), Cincinnati Turf Club at River Downs—July 24-Sept. 4 (37).

Southwest: Harness
Lebanon—May 6-June 3 (25), Sept. 8-30, dark Sept. 21 (19), return to split season like Beulah; Hamilton—June 9-July 29 (44).

Northwest: Thoroughbred
Toledo Raceway Park—April 1-May 22 (44), Maumee Downs—no dates set.

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP)—A two-week epidemic of special television programs about Hitler's chief executioner, Adolf Eichmann, and the incredible suffering and death he brought about is soon to start.

All three major networks are planning to give the impending trial of Eichmann in Israel—to start April 11—intensive coverage on their news programs and in special news programs as courtroom proceedings develop. But they are also going to prepare the viewing audiences for it with the background of the case against the man charged with responsibility for exterminating millions of Jews in Hitler's Germany.

The briefing sessions start this Sunday with an ABC show, "The Other Adolf."

NBC will kick off its coverage with a debate on Saturday, April 8, on the legal aspects of the trial. Dr. Herbert Wechsler of Columbia University and Dr. Milton Katz of Harvard, both law experts, will take sides on the question whether the trial will serve the cause of international justice.

On April 9 both NBC and ABC have special shows. ABC's is called "Israel and Eichmann" while NBC's is "The Trial of Adolf Eichmann."

CBS on April 12 has a Circle Theatre dramatization of Eichmann's career. And there's an ABC "Close Up" on April 14 based on the recollections of a Jew who survived eight concentration camps, as well as a background program on CBS' "Eyewitness to History."

Meanwhile, producers and editors are studying and editing hundreds of feet of old films, some captured from the Germans by the Allied armies. They have been hunting for and interviewing—here and abroad—English-speaking survivors of the Nazi horror camps. And they have been working about how much they can show about conditions without repelling the viewing audience.

Recommended tonight: "Way Out," CBS, 9:30-10 (Eastern Standard Time) debut of a new dramatic series and author Ronald Dahl as host.

Outfielder Marty Keough of the new Washington Senators was in a hitting rut during the 1960 season. He batted .248 in 38 games with Boston and .248 in 65 games with Cleveland.

School Levy Rules May Be Relaxed Some

(Continued from Page 1)

The intrastate emotions over the relative merits of NCAA basketball champion University of Cincinnati and runnerup Ohio State University got a none-too-happy airing in the Senate. The argument started out in apparent good fun between the Hamilton County (Cincinnati) delegation and the delegation from Franklin County (Columbus, home of Ohio State.)

But, the free-wheeling language of the pro-Cincinnati resolution presented by the Cincinnati delegation was more than the Senate could stomach. The Senate then killed the resolution on a standing vote. A few minutes later, it adopted a milder resolution sponsored by the Franklin County group.

The Cincinnati-Ohio State basketball hassle was the only one.

In statewide joy, the House adopted a House-Senate resolution declaring Ohio to be the basketball capital of the world.

The Senate completed action on a House-Senate resolution congratulating Wittenberg University on being the NCAA small-college basketball champs.

Sensors also adopted a House concurrent resolution congratulating Aversville High School for winning the state Class A basketball title.

To complete the sports picture, the House received a resolution to congratulate Ray Dieringer of Cincinnati Elder High School on his selection as Class AA coach of the year.

The Senate, without dissent, approved DiSalles appointments of Frank Kunkel of Cincinnati to the Pharmacy Board, John N. Hanson of Columbus to the Dental Board, and George E. Miller of Piqua to the Water Commission.

The Senate also received two DiSalles appointments. They were on:

Rankin M. Gibson of Delaware County, a former associate in DiSalles' law office and more recently legal assistant to the governor, as state commerce director to succeed John W. Bush of Portsmouth, now a member of the Interstate Commerce Commission.

Dr. Domenic A. Macedonia of Steubenville to the State Medical Board to succeed Dr. Horace Davidson of Columbus, resigned.

The House passed and sent to the Senate a measure legalizing use of light farm trucks to carry passengers, a procedure which now is technically illegal.

The governor signed into law an emergency bill permitting the shooting of quail until April 30 each year on licensed hunting preserves.

Trio Faces Cincy Rap For Kidnap of Man

CINCINNATI (AP)—Three Cincinnati men were indicted Thursday for kidnaping Charles Esgar, 35, of Cleveland, last Sept. 28. Donald R. Black, 28, and Bennie Coulter, 27, were charged with kidnaping and Wade Woods, 23, with kidnaping, assault to kill and assault to rob.

Arson Hinted In Fire Fatal To 8 Persons

CLEVELAND (AP)—The Fire Prevention Bureau is investigating the possibility an arsonist may have caused the fire in an East Side tenement that killed eight persons.

"We have questioned one man, a tenant who was under an eviction notice," said Fire Capt. Herman Behnke, head of the bureau, Thursday night. "We will question him again, and will talk to a former tenant who was evicted."

No one is being held, Behnke said.

Twenty-nine persons, members of eight families, were asleep when the blaze broke out at the foot of the stairs early Thursday. Most were trapped in their apartments.

The last bodies were pulled from the wrecked three-story brick and frame building 14 hours after the blaze flared. Four of the eight victims, all Negroes, were preschool children.

A woman who escaped said she heard an argument in a downstairs apartment of the man under eviction notice 45 minutes before the first alarm was turned in.

Firemen also said there were two other fires in the immediate neighborhood with a 90-minute period. Those circumstances attracted special attention from arson investigators.

Harsha Pushes Ohio Vote Laws For Washington

Rep. William H. Harsha, Jr., (R-Ohio) announced today he will introduce legislation patterned after Ohio election laws to implement the District of Columbia vote amendment ratified today.

"If the District is to have any election laws at all," Harsha declared, "let them be measures of demonstrated effectiveness. Let them be laws whose successful administration in the last three presidential contests have won American Heritage Foundation awards. Ohio's election laws have stood the test and been accorded such recognition," Harsha asserted.

Cincinnati Indicted For Kidnap of Woman

CINCINNATI (AP)—Charles L. Watters, 29, of suburban Price Hill was indicted Thursday on a charge of kidnaping. He is accused of forcing his way into the car of Miss Peggy Kolks, 22, White Oak, and threatening her with a knife last Feb. 8.

Ratification Of Amendment Still Disputed

WASHINGTON (AP)—Who's on first? That's no Abbott and Costello routine—it's the question of which state was first to become the 38th to ratify the 23rd Amendment to the Constitution. The amendment

gives District of Columbia residents the right to vote in presidential elections.

Was it Ohio, Kansas or New Hampshire that became the 38th state to ratify, and thus complete the three-fourths total needed to make ratification effective?

The General Services Administration, charged with keeping tab on the ratification, isn't saying. The GSA said it will report to Congress Monday that the amendment has been ratified, and that it will list the ratifying states in alphabetical order.

Ohio and Kansas had been dueling verbally on which one should have the honor of becoming the 38th. Ohio waited for Kansas to ratify (and become the 37th), and vice versa.

Then, Wednesday, New Hampshire got into the act, ratifying and becoming No. 37. Fourteen minutes later, Kansas ratified, Ohio followed 42 minutes after

that. So Kansas proudly claimed to be No. 38.

That should have ended it, but it didn't.

Thursday New Hampshire reconsidered its action. Then it promptly reratified. This maneuver apparently was an attempt to shuffle New Hampshire into the windup spot.

But unofficial scorekeepers saw it a different way—that the action seemed to put Kansas in the 37th position, Ohio in the 38th and New Hampshire in the superfluous 39th.

Newsman asked the GSA about it. The GSA declined to list any particular state as the one completing the process.

Honeymoon for Texans To Be Delayed Years

BIG SPRING, Tex. (AP)—There is going to be considerable delay before Robert L. McGill and his bride get around to a honeymoon.

McGill, 34, and Miss Margaret Fay Crowley, 41, took their marriage vows at the county courthouse Wednesday with sheriff's officers as their attendants.

They talked briefly after the ceremony and guards then took McGill back to jail where he is awaiting transfer to state prison under a 12-year sentence for robbery by assault.

Ohio followed 42 minutes after

What's So Special About Our Association?

Every now and then we are asked just how the operation of our Association is different from the operation of other types of financial institutions.

First of all, unlike most other financial institutions, the primary function of our association is to promote thrift and home ownership!

We are specialists in this field. We do not, like other institutions, have checking accounts. We do not make commercial, or industrial loans.

Your money in a savings account here is invested in the building of homes in this area, and in home improvements . . . the very safest type of security. Money taken to out-of-town institutions is used to help people in the county where that institution is located. Your savings account is insured up to \$10,000, by an agency of the U.S. Government.

All told, here is the utmost in safety and security! Here is **DEPENDABILITY**, with good dividends, in both good times or bad. And here is immediate availability of your funds, should you need to withdraw some of your savings, to meet an emergency or to take advantage of a real opportunity!

And here are friendly neighbors who are interested in your problems and in the continued growth and prosperity of the community in which we live.

Accept this invitation to come in and get acquainted.

We Have the NEW Polaroid Electric Eye Camera

Have you seen the exciting new Polaroid Land Camera? It has a tiny electric eye of radical new design that sets both the lens opening and the shutter speed for you — automatically. The eye — which is no larger than the head of a paper match — is so sensitive that it "sees" in the dim light of your living room, on a bright, sunny beach, anywhere!

Pictures indoors without flashbulbs? Just clip on the wink-light — the eye makes the correct settings automatically.

Outdoors in bright light you don't even have to focus. Just aim and snap. Everything in the picture from 3 feet to miles away will be sharp.

Remember, your picture is ready on the spot, only a moment after you snap it. Isn't this the way you want to take pictures?
